

SUFFER DEFEAT AGAIN

GOVERNMENT TROOPS REPULSED
IN ATTEMPT TO TAKE SANTO
DOMINGO CITY.

LANDS AMERICAN MARINES

Commander Turner of the Cruiser At-
lanta Sends Bluejackets Ashore to
Protect United States Consulate
President Vasquez Reported to Be
Approaching to Attack City With a
Strong Force.

Washington, April 6.—A report to
the navy department from Commander
Turner of the cruiser Atlanta at Santo
Domingo City, shows another repulse
to the government troops, who made
an attempt to take the city from the
revolutionists, and that Commander
Turner was again compelled to land
the bluejackets to protect the United
States consulate. Commander Turn-
er's dispatch is as follows:

"Santo Domingo, via Hayti, April 5.
—Government forces attacked city yes-
terday, were repulsed. Report indi-
cates Vasquez, the president, ap-
proaching with strong force. Govern-
ment gunboat fired three shots last
night without injury. City fortified,
apparently determined to resist; land-
ed marines to protect the consulate."
One day last week Commander Turn-
er landed a force of 50 marines to
guard the United States consulate at
Santo Domingo City when the situa-
tion was regarded as very critical.

PREVIOUS ENGAGEMENT.

Insurgents Driven Back to the City
After Severe Fighting.

Santo Domingo City, April 1.—At 9
o'clock a. m. the government troops
outside the city attacked the insur-
gents in the suburb of Pajarito. The
most severe engagement since the re-
bellion broke out ensued, and the in-
surgents were driven back to this city.
The artillery from the fort covered the
insurgents' retreat. General Vasquez,
at the head of a force reported to be
800 strong, is about to march on the
city. The rebels are disposed to fight
to the last and it is supposed that if
they are compelled to abandon the city
they will embark on the gunboat In-
dependencia, which is in their power,
and go to the northern part of the is-
land and join the rebels there.

The United States cruiser Atlanta
has landed fifty marines to protect the
American consulate.

Santo Domingo City, April 2.—No
engagement has taken place this morn-
ing between the government troops
and the rebels, but large government
forces are now marching on the town
and an attack is momentarily expect-
ed. The rebels are making great
preparations for resistance. In yester-
day's engagement at Pajarito, the con-
tending forces used firearms and cut-
lasses. Several persons were killed
inside the city by stray shots. The
government gunboat Presidente bom-
barded the town last night and one
shell fell inside the yard of the Ger-
man consulate but did not explode.
The surgeon of the Atlanta assisted in
attending to the wounded in the Paja-
rito fight. Many of the wounded died
for want of timely assistance.

The members of the consular and
diplomatic corps here met today and
appointed a commission to notify both
sides that they must observe rules of
war, and to demand twenty-four hours'
notice before any attack is made on
the town, in order that the foreign
residents may go to a place of safety.

All places of business are closed
and the situation is extremely criti-
cal.

EXCITES SURPRISE IN PEKING.

Contemplated Increase of United
States Fleet in Asiatic Waters.

Peking, April 6.—The report re-
ceived here that the action of the United
States in increasing her Asiatic
squadron is on account of "the alarm-
ing reports on the situation in China"
excites surprise in Peking. Such re-
ports were not sent by the United
States or British legations, which pos-
sess good facilities for judging the sit-
uation in China. The only distur-
bances considered serious are those in
the Kwang Si province, the Southern
province of China, bordering Tonkin,
where 100,000 rebels are said to be
where 100,000 rebels are said to be un-
der arms, which were never directed
against foreigners. The latest reports
regarding General Tung Fuh Siang, the
"Boxer" leader, and Prince Tuan, the
anti-foreigner, who are at the head of
the insurgent forces in the Northwest-
ern province of Kansu, are reassuring.
The government claims to have come to
an understanding with them where-
by they agree to refrain from hos-
tilities. It is believed that the gov-
ernment is supplying them with funds
on condition that they remain quiet.

The officials promise the foreign
ministers that the indemnity bonds
will soon be signed. The officials ap-
parently concluded that it will be im-
possible to obtain any concessions in
the terms of the indemnity until that
formality is fulfilled.

The dowager empress and the court
have started on their journey to the
Western Tombs. They will be ab-
sent from Peking eighteen days.
Business traffic on the railways enter-
ing Peking will be practically sus-
pended for several days. The masses
regard the pilgrimage with astonished
disapproval and predict that heaven
will send disaster.

The United States consul at Canton
telegraphs that the famine in the
Kwang Si province, resulting from the
rebellion there, is serious. Thou-
sands will die unless assistance is
forthcoming. He recommends that re-
lief funds be started abroad.

Third Bach Festival.

Bethlehem, Pa., April 6.—Follow-
ing a first and second Bach festival,
the latter held in 1901; a third will be
given here, commencing on Monday,
May 11, and continuing until Saturday,
the 16th.

AUDIENCES WITH SULTAN.

Foreign Ambassadors Ask Him to Sup-
press Albanian Agitation.

London, April 6.—There is little
further development in the Balkan
crisis since Saturday. The rumor of
the death of M. Stcharbina, the Rus-
sian consul at Mitrovitz, who was
shot by an Albanian sentry, proves to
have been premature, but the consul's
condition is serious and symptoms of
peritonitis have appeared. It is re-
ported that the Albanian soldier who
shot him has been sentenced to fifteen
years' hard labor.

According to a dispatch from Con-
stantinople the Austrian, Russian and
British ambassadors have had au-
diences with the sultan, on whom they
impressed the necessity of suppressing
the Albanian agitation. The sultan
informed them that in the event of
the failure of the pacificatory mission
that he had dispatched to Albania, he
would take measures for the military
occupation of the disturbed region.

The Daily Mail's correspondent at
Vienna asserts that Austria has mobil-
ized her Agram, Sarajevo and Temes-
var army corps in readiness to
occupy Mitrovitz should such a
measure become necessary. The cor-
respondent further affirms that a dan-
gerous agitation exists among the
Mohammedan population of Bosnia and
Herzegovina which is secretly arm-
ing itself in spite of all official precau-
tions with the intention, it is feared,
of emigrating into old Serbia to swell
the ranks of the insurgent Albanians.

A telegram from Belgrade reports
that rioting has taken place there as
the outcome of a demonstration against
an objectionable police regulation and
many persons were wounded in the
course of the disorders.

HOLD REQUIEM MASS.

Macedonian Priest Glorifies Example
of Bulgarian Revolutionists.

Sofia, April 6.—The Macedonians
here held a requiem mass at the cathe-
dral Sunday for the repose of souls
of the revolutionary Bulgarians who
were killed at Karbintzi, where a band
of twenty-four insurgents under two
Bulgarian officers were slaughtered by
Turkish regulars and Bashibazouks.
The portraits of the leaders of the
band bound with crepe were placed in
the cathedral and the officiating priest
pronounced a sermon in which he held
up the glorifying example of the vic-
tims. The edifice was crowded.

WAITING FOR MITCHELL.

Mine Workers Want Assistance of
Their President in Award Tangle.

Wilkesbarre, Pa., April 6.—John
Mitchell, national president of the
United Mine Workers of America, will
be in this city or Scranton during
Easter week or shortly afterward to
advise with the district officers of the
anthracite districts concerning the ap-
pointment of a conciliation commit-
tee to assist in straightening out the
tangle that has arisen over the dif-
ferent interpretations of the award of
the coal commission. The district ex-
ecutive boards of the three anthracite
districts held a meeting Friday to take
action on the commission's award and
after discussing the matter decided to
postpone action until the advice and
guidance of the national president
could be secured.

NEW HOLIDAY OBSERVED.

Mining Engineers Lay Off Sunday for
the First Time.

Wilkesbarre, Pa., April 6.—The an-
thracite strike commission's award
with reference to the mining engineers
went into effect Sunday. Two new or-
ders gives the engineers a holiday
Sundays, which was observed through-
out the region for the first time in the
history of coal mining.

EXTENDS TO CINCINNATI.

Lockout of Brewery Workers Contin-
ues to Spread.

Cincinnati, April 6.—The lockout of
brewery workers at Columbus has ex-
tended to this city. The Hauck,
Moerlein and Jung breweries dropped
sixty men and notice was given to be
over 100 that they would not be
wanted. The engineers and firemen in
the breweries here as well as at Colum-
bus claim that their international
unions have jurisdiction over them in-
stead of the union of the United Brew-
ery Workers, whose national head-
quarters are here. The Cincinnati
brewers claim that their beer was in-
terfered with by the locked-out United
Brewery Workers at Columbus in viola-
tion of a contract, and threaten a
general lockout.

PREPARE TO MEET OFFICIALS.

Committees of Railroad Employees to
Ask for Increase in Wages.

Chicago, April 6.—The adjustment
committees of the railroad trainmen's
and conductors' organizations have ar-
rived in Chicago and are preparing to
meet the officials of the Illinois Cen-
tral and Alton railroads. The train-
men's and conductors' committees be-
lieve the same terms can be secured
on the Illinois Central and Alton for
their members as those on the Wa-
bash—a 15 per cent increase for
freight and a 12 per cent increase for
passenger service.

GUEST OF SIOUX FALLS

PRESIDENT ROOSEVELT PASSES
A QUIET SUNDAY IN SOUTH
DAKOTA CITY.

ATTENDS DIVINE SERVICES

Owing to a Mistake of the Reception

Committee, the Chief Executive Goes
to Church Twice—Takes a Short
Horseback Ride—Announces That
He Will Not Begin Speaking Late in
the Evening Hereafter.

Sioux City, S. D., April 6.—President
Roosevelt was the guest of Sioux Falls
all day Sunday until 9:30 o'clock Mon-
day. His special arrived here at 8
o'clock Sunday morning and he was
met by a delegation headed by Mayor
G. W. Burnside and State Senator
Burns. United States Senator Kitt-
redge also greeted him. The presi-
dent was escorted to the Cataract
House by a delegation of two militia
companies here and enjoyed a day of
comparative rest, the first he has had
since his trip began.

He attended church both in the
morning and evening and in the after-
noon went for a horseback ride accom-
panied by Seth Bullock, superintendent
of the Black Hills forest reserve.

The fact that President Roosevelt
attended Divine services twice was
due to mistake on the part of the lo-
cal committee. The committee had
the impression that the president was
a member of the German Lutheran
church and had arranged for him to
attend that church in the morning.
Later, when it was learned he wor-
shipped at the Dutch Reform church,
arrangements were made in the even-
ing to have services held at the Liv-
ingston Reformed church here. While
it has not been the custom of the presi-
dent to attend church on Sunday
evenings he decided to make an ex-
ception when the circumstances were
explained to him. The services were
conducted by Rev. Herman Zill, pres-
ident of the German-English college, at
Hamilton, Ia., who came here for that
purpose. The German language was
used throughout.

Owing to the fact that both in Mil-
waukee and Minneapolis the length of
the programme did not permit the
president to reach his car until after
midnight, he has been obliged to an-
nounce that hereafter he will not, in
the evening, begin speaking after
8:30 o'clock and will be back in his car
by 11 o'clock.

VISITS TWIN CITIES.

President Roosevelt Spends Eight
Hours in St. Paul and Minneapolis.

St. Paul, April 6.—President Roose-
velt spent eight hours in the Twin
Cities and was enthusiastically re-
ceived. The president was met at the
train by Governor Van Sant, Mayor
Smith and a special reception com-
mittee.

A parade consisting of United
States troops from Fort Snelling, state
militia and Civil and Spanish war vet-
erans was formed near the union depot
and proceeded through the principal
streets to the state capitol, arriving
there at 3:30. The legislature was
assembled in joint session and the
president made a brief address, speak-
ing about fifteen minutes.

At Minneapolis President Roosevelt
spoke on "The Tariff." He called at-
tention to the existing prosperity of
the country and asserted that the
present conditions were largely due to
the protective tariff system now in
force. He said a general revision of
the existing schedules would cause
disaster and be fatal to our present
well-being and advised against such
action being taken.

THREATENED THE PRESIDENT.

California Man in Jail for Making
Threatening Allusions.

San Bernardino, Cal., April 6.—B. P.
Brown of Redlands, who was arrested
just before the last visit of President
McKinley under instructions from
Governor Gage, who learned that he
had made threats against the presi-
dent, is again in the county jail, hav-
ing been taken into custody at Red-
lands on a similar charge, he having
been overheard making threatening
allusions to President Roosevelt. It
is stated ever since the president an-
nounced his intention of visiting the
West Brown has been closely watched
and his arrest was decided upon as a
measure of precaution. He is charged
with vagrancy.

ODD SALUTE FOR ROOSEVELT.

Explosion of Dynamite Cartridges in
the Yosemite Valley.

San Francisco, April 6.—In the Yo-
semite valley President Roosevelt will
be given a salute by a battery of dy-
namite cartridges. The walls of the
valley are 2,000 feet sheer and the re-
port of a toy pistol within them rever-
berates like a series of volleys by heavy
artillery. The explosion of dynamite
cartridges is expected to produce ex-
traordinary results.

City Marshal Kills Assailant.

Gardner, Kan., April 6.—City Mar-
shal S. P. Howland during a fight last
half an hour, shot and killed Bud
Briggs while Briggs, with two com-
panions, was trying to secure the re-
lease of Estell Briggs, a brother, whom
the officer had arrested for disorderly
conduct.

MISTAKEN FOR OFFICERS.

"Cowboy Pianist" and a Young Miner
Killed by a Fugitive.

Kingman, Ariz., April 6.—News has
just reached here of the killing of
Charles Blakely, known as the "Cow-
boy Pianist," and Roy Winchester, a
young miner, on the trail forty miles
north of this place by James McKen-
ney. Nothing definite is known of the
cause, but it is thought McKenney,
who is wanted for the killing of W. L.
Wynn at Porterville, Cal., last month,
mistook the men for officers and laid
in wait for them on the trail. Blake-
ly was shot in the breast and Winches-
ter in the back with buckshot. After
the shooting McKenney went to a
ranch and compelled the rancher to
shoe two horses for him and then rode
away. The rancher failed to report
the killing until three days after the
shooting.

A sheriff's posse is now in pursuit
of McKenney. Governor Brodie has
been asked to send out rangers in pur-
suit as it is thought McKenney has
gone south into the "Bad Man's Land"
of Yuma county where it is almost
impossible for a small posse to go with
safety.

RECORD IN CALIFORNIA.

McKenney Figured in Many Shooting
Scrapes.

Bakersfield, Cal., April 6.—James
McKenney, who is reported to have
killed two men in Arizona, has a re-
cord in this neighborhood, of which he
is a native. He was sent to the peni-
tentiary from Tulare county for as-
sault to murder and after his release
went to Randsburg, where he figured
in some further shooting trouble. In
the latter part of 1900 he shot and
killed Thomas Sears, a gambler, as the
result of a dispute over a game of
cards.

Last July in Porterville he killed
William Lynn and wounded Constable
John Willis and another man in a
drunken row. He made a sensational
escape from jail and for several
months wandered practically unmo-
lested around the country. A few
weeks ago Sheriff Collins located him
at Hermosillo, Mexico, and an applica-
tion for his extradition was made, but
the Mexican authorities released him
before the arrival of the papers.

TAKES HER OWN LIFE.

Mrs. Louis Ames Van Weik Commits
Suicide at Jersey City.

New York, April 6.—Mrs. Louis
Ames Van Weik shot and killed her-
self at the Hotel Washington in Jer-
sey City Sunday. She was perhaps
thirty-five to thirty-seven years of age,
a blond and good looking. She arrived
at Jersey City from the West Friday.
She seemed in good spirits and was
well supplied with money.

Edward Chase, son of the proprietor,
about noon Sunday, noticed water
coming through the ceiling from an
upstairs room. He forced his way in-
to Mrs. Van Weik's room and found
the faucet of a basin open and the wa-
ter overflowing. Mrs. Van Weik was
sitting in a rocking chair facing a mir-
ror. She was dead.

Mrs. Van Weik wore a dressing
gown which was open at the throat.
Apparently while sitting in front of
the mirror she had placed a revolver
against her breast over the heart and
outside her under garment and fired.

Mrs. Louise Ames Weik was the
daughter of Captain Edwin Ames of
the United States army. Fourteen
years ago she was married at Balti-
more to Otto B. Weik of Indiana.
Three years since they were divorced
in Washington, D. C. After the di-
vorce proceedings Mrs. Weik placed
the prefix "Van" to the surname of her
former husband. She then married
Edward Wolfbauer, a New Yorker. It
is said that recently she took up her
residence in Dakota with a view to
obtaining a divorce from him also.

ITALIANS RESENT ATTEMPT

TO PIERCE THEIR PARADE

Chicago Motorman Is Shot and Several
Other Persons Are Cut and
Bruised in a Riot.

Chicago, April 6.—Because he tried
to force his car through a parade that
was blocking traffic in Halsted street,
Motorman Zorab was shot and serious-
ly injured by one of the marchers.
Nearly 1,000 Italians, who were in the
parade, broke ranks as soon as the dis-
turbance began and a riot followed,
in which switching irons, bricks and
other missiles were used. In response
to a riot call, a score of policemen
were on the scene in a few minutes,
but before quiet could be restored
several persons were severely cut and
bruised. Two of the Italians, who are
supposed to have done the shooting,
were arrested.

SECOND WEEK OF IDLENESS.

No Change Expected in Strike of Tex-
tile Operatives.

Lowell, Mass., April 6.—The second
week of idleness for over 14,000 textile
operatives in six of the mills here be-
gins today and no change in the situa-
tion is expected. Some cloth rooms
are still being operated. The amount
of unfinished goods on hand is not
large and will furnish employment for
only a few days.

Association's Golden Jubilee.

Louisville, Ky., April 6.—The golden
jubilee of the Young Men's Christian
association of Louisville was celebrat-
ed here, the chief speaker being Presi-
dent William R. Harper of the Uni-
versity of Chicago.

Prominent Idaho Man Dead.

Hailey, Ida., April 6.—Texas Angel,
one of the most prominent attorneys
and Democratic politicians of Idaho,
is dead of paralysis.

RUNNING TO A FIRE.

How the Horses Enjoy the Mad Dash
Through the Streets.

Everyone who has watched fire horses
dashing through the streets in answer
to an alarm will admit that the ani-
mals seem to enjoy the run. This idea
is brought out by Sewell Ford in
"Horses Nine," as follows:

For silver all other minor pleasures
in life were as nothing to the fierce
joy he knew when, with a dozen men
clinging to the handrails, the captain
pulling the bellrope and Lannigan, far
up above them all, swaying on the lines,
the Gray Horse truck swept up Broad-
way to a first call box.

It was like trotting to music if you've
ever done that. Possibly you could
have discovered no harmony at all in
the confused roar of the apparatus as it
thundered past. But to the ears of
Silver there were many sounds blend-
ed into one. There were the rhythmic
beat of hoofs, the low undertone of the
wheels grinding the pavement, the
high note of the forged steel lock
opener as it hammered the footboard,
the mellow dingdong of the bell, the
creak of the forty and fifty foot exten-
sions, the rattle of the iron shod hooks,
the rat-tat-tat of the scaling ladders on
the bridge and the muffled drumming
of the leather helmets as they jumped
in the basket.

With the increasing speed all these
sounds rose in pitch until, when the
team was at full swing, they became
one vibrant theme—thrilling, inspiring,
exultant—the action song of the truck.

Burial Customs.

The Turks perhaps were the first peo-
ple to use ornamental burial grounds
such as we call cemeteries, but as to
when this custom was first adopted in
the land of the crescent no one seems
to know. The earlier Jews buried their
dead in the earth, that method being
without doubt the most ancient burial
mode known to man. The very earliest
Egyptians seem to have understood the
art of embalming and to have practiced
it from time out of memory. The an-
cient Greeks and Romans cremated the
body, the ashes only receiving sepul-
ture, except in case of illustrious war-
riors, statesmen, etc., these latter being
buried unburned as a special mark of
favor.

Some ancient tribes preserved only
parts of the body and burned or buried
the remainder. The parts retained and
preserved, dried or in liquid, varied ac-

ording to tribal notions. With some
it was the heart that was thought to
be too sacred for cremation or burial,
with others the liver, ears, nose, tongue
or fingers. The Tartars of 2,000 years
ago preserved only the thumb and toe
nails of their dead.

Amusements of Great Men.

Here are a few amusements of great
men: Edmund Burke, farming; Lord
Byron, swimming; Carlyle, riding and
smoking; Lord Chatham, bowls; Dar-
win, backgammon, music, smoking and
snuff taking; Dickens, bowls, walking,
smoking and snuff taking; Tom Hood,
shooting; Kingsley, fox hunting, music
and smoking; Lamb, witnessing per-
formances of "Punch," card playing,
snuff taking and smoking; Lord Lyt-
ton, gardening, walking, music and
smoking; Captain Marryat, snuff tak-
ing; Lord Palmerston, horse racing;
Pitt, felling trees and studying classics;
Shelley, making and sailing paper
boats; Sydney Smith, chess, swimming,
riding and music; Wesley, whist; Dean
Swift, harnessing his servants with
cords and driving them up and down
stairs.

A Touch of Ireland in Spain.

When I was at Malaga, the light-
house was out of order, and some
Americans had complained officially
that their shipping interests were be-
ing damaged. No answer was received
for two years. Then it was declared
that it was the fault of the earthquake
which had taken place many years pre-
viously. Finally the light was put out
altogether because it interfered with
the fireworks. When a pair of boots I
had ordered did not fit and I com-
plained to the maker, he arrived indig-
nantly to protest. "They fit here," he
said, prodding my tender toe. "and they
fit there," another prod. "You cannot
expect them to fit everywhere all at
once."—Blackwood's Magazine.

Mirth, Not Misery, Loves Company.

I have always doubted the proposition that "mirth loves company" and have believed that such a statement was first put forth by some arch hypocrite whose misery was but a pretense and who was beckoning some other sham sufferer into a quiet corner where they could both be jovial on the sly.

However slight my knowledge of universal misery may be, I can attest from personal experience that my own misery claims solitude and slips away all by itself and turns the key upon the curious world, asking nothing so much as to be "let alone." I do not care to weep in company, nor would it cheer me to have a chorus of other weepers to sob in unison with me. Rather would I remain in unmolested wretchedness until my tears had vanished and my eyes and nose assumed normal appearance.

'Tis mirth then, and not misery, which plies for company. Fun cannot thrive alone and flourishes only among congenial spirits. Our laughter must be shared, our smiles responded to, and every glance of merriment needs recognition to make it worth the while.—Caroline Ticknor in Atlantic.

CAVED FROM DEFEAT.

Nationalists Support British Government on Lighthouse Bill.

London, April 4.—The government was only saved from defeat in the division of the house of commons on the second reading of the private bill regarding the payment of lighthouse dues by the support of a number of Nationalists.

The Liberal papers, commenting on Mr. Wyndham's remarkable speech at Manchester and the flying rumors of the government's intention to appeal to the country on a programme of local self-government for Ireland declare that it might have been the speech of a Gladstonian, so friendly were its accents toward Ireland and the wisdom of trusting the Irish people and conciliating the Irish sentiment in the United States and Canada.

Willie and His Politeness.

Willie (reading his verse at Sunday school).—"And they took Joseph's coat, killed a boy and dipped the coat in the blood."

"Now, Willie," said the teacher, "you know the text reads 'killed a kid,' not a boy."

"Yes, but didn't you tell us it is vulgar to say 'kid' when talking about little boys?" replied the apt scholar, beaming with delight at his good memory.—Philadelphia Telegraph.

A GRAND SUCCESS

A Large and Enthusiastic Audience Hears The School Musical on Saturday Evening

The musical given by the grades of the public schools Saturday evening at the opera house was a complete success. During the whole year the superintendent and teachers have worked out a system of training, the result of which was the musical. It assembled children from all parts of the city, and by means of songs common to all the schools, broadened acquaintanceship and unified interests of the pupils. It cultivated an exquisite taste in costumes and etiquette, and showed that hundreds of pupils are really attaining proficiency in music. Not a pupil needed correction in deportment during the entire program. Songs of patriotism, sentiment, fellowship and merriment when learned with zest and precision leave upon the mind impressions that last through life. In this way music finds its true value as a means of training.

An unskilled observer would see in the execution of the program more than an ordinary list of numbers to consume time and make a show. Twelve numbers, two from each building, were taken from regular school work, each number containing two selections. The excellence of these pieces was such that special mention of one neglect the others.

"The Lord is My Shepherd" by a chorus of eighth grade girls, songs from the Child World by primaries from the Mills school, "The Blue Bells of Scotland" by sixth and seventh grades Whittier, "The Jolly Students" by the Lowell grades, "The Postillion" by the sixth and seventh grades Harrison, "The Merry Farmer Boy" by fifth and sixth grades Lincoln, "We Meet Again Tonight, Boys" by sixth and seventh grades Lincoln, "Come Back Sweet May" by sixth and seventh grades Lowell, "Ten Little Sunflowers" by Whittier grades, "My Native Land, Farewell" by fourth and fifth grades Harrison, and the Minnesota State Song by Harrison grades were all excellent and much applauded. The rhythm, tone and harmony of these pieces showed the real school training. Each teacher and pupil is to be congratulated and in these pieces the patrons may well find thoughtful comfort.

Each school had one or more special numbers. The Sunbonnet Babies were twenty handsomely attired girls from the Washington. The costumes, marches and songs were very pleasing. The Lowell boys dressed in white sweaters bearing the initial "B" were frequently applauded in their unique and precise drill. But when the drill closed by lining up the boys for a rousing Braierd song to the tune of "Rally Round the Flag Boys," they brought down the house. The words of the song were written by Superintendent Hartley for the occasion and the boys sprung the secret handsomely. The Japanese song and march by forty Lincoln primary pupils captivated the audience with their oriental costumes, maneuvers, songs and fascinating manners. The "Mother Goose Quadrille" by the Whittier primaries was "A thing of beauty and a joy forever." Thirty dainty babies in foil dress ornamented with flowers, giving a series of songs and executing fantastic changes as they sung was a very pretty sight. The graceful and courtly style of these children was perfect. This number alone was worth the price of admission. The Brownies Flirtation by the Harrison primaries was unique. The costumes were ingenious and striking. The posing, antics and speeches were appreciated. The Davie children and Little Fern Grondin showed unusual talent.

The cantata was a happy part of the program, and contained over a hundred persons. Miss Corna Stickney was charming and graceful as grandma.

The highest compliment that can be paid Miss Barker, supervisor of music, is to say she planned the whole and assisted in nearly every detail of preparation.

More than 400 pupils took part. Eight hundred fifty people gained admission and as many more were turned away. There have been many requests to repeat the program.

COLE TIMBER TAX BILL

MEASURE PROVIDING FOR TAXATION OF TIMBER WHERE CUT PASSES HOUSE.

SENATE RECOMMENDS EBERHART NATIONAL GUARD BILL FOR PASSAGE.

St. Paul, April 4.—The Cole timber tax bill passed the house by the decisive vote of 72 to 26. The negative votes were mainly by Minneapolis members.

The bill provides for the taxation of timber where it is cut, without regard to the residence of the owner.

A motion of Mr. Hugo to indefinitely postpone was voted down, very few besides the Hennepin members voting for it. Mr. Gillette's amendments, with regard to timber cut in one county and shipped to another, was also defeated. A second amendment to strike out two lines was lost by the same vote.

The house, through a special committee, will investigate the financial operations of the state game and fish department.

The house unanimously adopted J. D. Schroeder's resolution calling for a committee of three to probe the information regarding the seizure and sale of game, guns, nets, seines, etc., which Executive Agent Fullerton refuses to furnish. The resolution calls for a report from the committee within ten days.

Representative Tighe's bill to take judicial nominations out of the operation of the primary election law was killed after brief debate.

Anderegg and Lemon's bill to provide for a blanket ballot, containing the nominees of all parties at the primaries, was quickly interred, without a rising vote.

Another bill of the same kind, by Mr. Dowling, was given the same treatment.

Pool Bill Indefinitely Postponed.

The Hanaford pool bill was reported for indefinite postponement by the house general legislation committee. It was a mere formality, as the bill had no support.

Morley's live stock sanitary board, creating a new board to assume part of the present duties of the state board of health, with regard to killing diseased cattle, passed the house by a vote of 66 to 21.

Mr. Rockne sent up an amendment to Mr. Helliwell's bill, making only one publication of articles of incorporation necessary. The amendment, which was adopted, makes two weeks' publication necessary. The bill was then recommended to pass.

Representative Ole Peterson's bill, allowing bridges without a draw on the Minnesota river, was amended so as to permit such bridges above the City of Le Sueur.

Swanson's bill to amend a technical error in the "lumberjack law" of 1901 was amended so as to provide that lumberjacks should not be punished for refusing to work at any unsanitary camp. Mr. Lemon had a further amendment that would virtually repeal the law, but it was not adopted.

The Burns bill to amend Chapter 13 of the general statutes of Minnesota for 1878, as amended by Chapter 46 of the laws of 1895, relating to the public highways in townships was passed.

LIMITS TERM OF OFFICE.

Eberhart National Guard Bill Recommended for Passage.

The Eberhart bill for an act to limit the term of office of the field and general officers of the national guard of the state of Minnesota was recommended for passage by the senate sitting as a committee of the whole, but not until the family skeleton of the guard had been dragged into the upper house.

There will be no examination of fee offices this session so far as the senate is concerned.

The house resolution for a joint commission to prepare bills to place all fee offices on a salary basis was defeated.

This means that the senate will turn down the house bills which propose to cut down certain fee officers to a salary.

Senator Hiler Horton saved the day for the anti-vaccinationists in the senate after it seemed hopelessly lost. The senate committee on public health reported the Gregory anti-vaccination bill, which passed the house, without recommendation.

Senator Rieke's motion that the bill be sent to general orders was lost, and Dr. Cole's motion to indefinitely postpone the bill carried.

Later in the session, Senator Brower moved that the vote be reconsidered. This carried and Mr. Horton moved that the bill go on general orders.

Dr. Cole objected, but Mr. Horton won and the senate anti-vaccination fight will be made all over again.

The county local option bill of Senator Sundberg was killed in the senate. The temperance committee reported it for indefinite postponement.

President Jones appointed Senators Shell, Wilson and Peterson a committee to act on behalf of the senate to arrange for the visit of Admiral Schley.

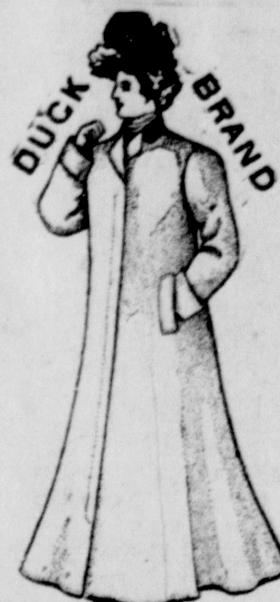

Senator Johnson's bill providing for the suspension of teachers who violate contracts with school boards was recommended for passage after a long and bitter fight.

The senate committee on education reported the Comstock anti-board of control in without recommendation and it will be fought all over again when it comes up on general orders next week.

Governor Signs Bills.

Several bills of importance have been signed by Governor Van Sant. His signature was fixed to the \$1,500,000 bill for the state capitol, also to the Nyquist bill, creating fifty-one state boiler inspectors. The bill making the state fair a state institution and the wolf bounty bill were also made laws by his signature.

PURCHASING POWER IS STRICKEN OUT

Senator Ferris Gets After Bill Introduced by Senator Collier at St. Paul

AFFECTED BRAINERD'S INTEREST

Purchasing Clause is Eliminated From Bill Pertaining to Water Works

A bill has been introduced in the house of representatives which would not, under ordinary circumstances perhaps, have attracted particular attention, but there was a little opposition to the matter which was of particular interest to Brainerd, although nothing has been heard of it through the press.

The bill referred to was introduced by Senator Collier, which was entitled an act to amend section 2, chapter 204, of the general laws of Minnesota, entitled "An act to grant additional powers to cities of the state of Minnesota and to empower such cities to issue their bonds for certain purposes therein mentioned."

The bill from its inception met opposition from Senator Ferris and he succeeded in having stricken from the bill some of the features which would surely give the Minnesota Water Works company, the corporation which now owns the water works plant here a great leverage, as it would give the city additional power to issue bonds to purchase the plant.

As is well known President Tighe, of the Minnesota Water Works Company, is very much interested in laws affecting water works plants, especially as the Brainerd plant is on his hands and his franchise will run out in a few years. Every move that he can make, therefore, in the right direction in the way of legislation, will help him out when the time comes to dispose of his plant or renew his franchise with the city and it is generally conceded that he is particularly shrewd in manipulating such deals.

Of course this bill was not introduced by Mr. Tighe but the features are all interesting to him as it would directly affect the water works plant in this city. The following is the bill in full:

"Section 2. No city in this state shall at any time be authorized to issue bonds or to incur any debt or liability of any kind for any purpose in excess of five per cent of the assessed valuation of the taxable property of such city, according to the last preceding assessment, except as hereinafter provided, and should any bonds be so issued in excess of said five per cent, except as herein provided, the same shall be invalid; provided, that when bonds are issued for the purchase, refunding or payment of other bonds of such city the bonds to be so purchased or paid shall not be considered a part of the bonds on which any city may be liable, for the purpose of determining whether the bonds so issued will increase the bonded indebtedness of any city above the limit prescribed in this act.

"All sums of money realized from the sale of city bonds shall be applied to the purpose for which they are issued, and no other, and such purpose shall be distinctly stated in the resolution or ordinance authorizing their issue.

"The common council of any city in this state may, either by resolution or ordinance, passed by a three-fourths vote of all the members elect, at any general or special meeting called for that purpose, authorize the issue of the coupon bonds of such city to any amount not exceeding five per cent of the aforesaid assessed valuation, without submitting the question of such issuance to a vote of the people; provided that three-fourths of all the members elect of such common council do not vote in favor of the issuance of such bonds, then the same shall not be issued, except upon a two-thirds vote of the legal voters participating in the election of the city proposing the issue of such bonds, which vote shall be taken at a general or special election called and conducted in the manner prescribed for holding municipal elections; provided that when any city has heretofore constructed any water works or electric light plant, or has reserved the right to purchase such waterworks or electric light plant, instructed by any person, company or corporation, it may hereafter construct or purchase such

water works or electric light plant, and has issued or shall issue bonds for the construction of such water works or electric light plant, and the amount of said bonds so issued when added to the other indebtedness of said city shall cause the entire indebtedness thereof to exceed five per cent of the total value of the taxable property of said city according to the last preceding assessment for the purpose of taxation, then said bonds shall not be deemed to be a part of the total indebtedness of said city, which said city is forbidden to make to exceed five per cent of the total value of said taxable property.

Provided further that the water works so to be purchased shall at the time of such purchase yield a revenue sufficient to pay the interest on the total amount of the bonds to be issued therefor."

Although of no immediate interest to some parts of Minnesota and over which there was very little said in connection with the same on the floor of the house of representatives in St. Paul, the bill introduced by Representative Collier was something equally as good as anything that has been called to the attention of the members for some time.

NELS IN A BAD WAY.

Nels Johnson Arrested Charged With Drunkenness, is Found Guilty, Fined and Rearrested.

Nels Johnson, who has been working for the Cross Lake Logging Co. the past winter, is having a rather serious time of it in the municipal court.

It seems that Nels and R. G. Haupt got into an altercation on Kindred street Saturday morning. Chief Sargent was sent for and Nels was arrested charged with drunkenness. This morning he appeared in court and was represented by Attorney F. L. Bannon. After the hearing the defendant was fined the usual dose, \$7.40 and costs.

He had no more than paid his little fine than he was arrested again on the charge of assault in the third degree. The case was continued until tomorrow, Johnson furnishing \$25 bail for his appearance.

Opening is Continued.

Notwithstanding the inclemency of the weather a large number of ladies were present at the Grandelmyer grand Easter opening this afternoon. On account of the bad weather the opening will be continued all day tomorrow. 2611t

RAILWAY TROUBLE AMICABLY SETTLED

Trainmen of New York, New Haven and Hartford Company Appear Satisfied With Concession.

New Haven, Conn., April 2.—The differences between the trainmen of the New York, New Haven and Hartford company and their employers have been amicably settled. The men appear to be perfectly satisfied with the concessions made by the railroad officials.

The final agreement relieved the tension which was rapidly reaching the breaking point, not so much among the conferees but in the rank and file of the trainmen scattered over the railroad system.

Valentine Fitzpatrick for the employees issued a statement which did not give the terms of settlement. The officers of the railroad refused to say what concessions, if any, had been granted to the men. It is rumored that the employees have gained many points for which they contended.

Originality is simply a pair of fresh eyes.—Higginson.

MUSIC AND DRAMA.

"A TRIP TO CHINATOWN."
Hoyt's plays are clever and the public revels in them. They are full of keen wit, kindly satire on the fads of the day, sparkling with wit and altogether possessing those qualities that are sure to put an audience in a happy frame of mind. They are built to amuse the people and they succeed emphatically. His "A Trip to Chinatown" which comes to the Brainerd theatre this evening has been given an entirely new musical setting. Into this play the late Chas. Hoyt put some of his best and funniest observations and it is claimed by many to eclipse in brilliant merit any of his other efforts. "A Trip to Chinatown" will be presented with new scenery and stage effects, the latest and most popular music, clever specialties and one of the best companies seen in a Hoyt show. The company includes Wm. Kellar Mack, Jack Campbell, Frank Beamish, Percy Walling, Wm. Sturgeon, John Doyle, Sylvia Starr, Kitty Wells, Nellie S. Miller, Molly Saylor, Zemie Blair and others. Seats are now selling at Dunn's drug store.

Charles Wilson and Harry Butts. After this the seats will be arranged around the walls leaving the center of hall free from end to end for the promenade, where the audience can walk and converse and have a good sociable time and partake of the ice cream, which will be served in four booths arranged in the corners of the hall, under the management of Graham Brothers. During the second part the music will be furnished by Prof. Fitch's orchestra. Encourage local talent by patronizing this concert. Admission 25 cents.

ning for Re-Election—Johnson and

Ingalls Desire to Be Governor.

Cincinnati, April 6.—The local elections throughout Ohio today are more important than heretofore, owing to the new municipal code enacted recently by the legislature which reorganizes every municipality. There will be no officers holding over and for this reason the party advantages secured will be greater than heretofore at April elections. With more at stake than previously the party organizations have been unusually active and there are many charges of fraudulent registration. Several hundred warrants have been prepared in Cincinnati for service. It is charged that over 1,000 false registrations have been made in a single ward. The present registration has broken all April records also in other cities.

The mayors of the larger cities like Cincinnati, Cleveland, Toledo, Dayton, Zanesville, Columbus and other cities are running for re-elections and Jones of Toledo for the fourth time. Ingalls in Cincinnati and Johnson in Cleveland are credited with being candidates this year for the Democratic nomination for governor as well as for the mayoralty of their respective cities, and next year for the presidency.

Bears on Re-Election of Hanna.

The election also is watched on account of its bearing on the candidacy of Myron T. Herrick of Cleveland for the Republican nomination for governor and on the re-election of Senator Hanna. The legislature selected next November elects Hanna's successor and the control of the municipalities is considered of importance to the coming state election. Senator Hanna, while taking special interest in the contest in his own city has been as far south as Dayton to speak in this campaign. While the result is thus considered as indirectly affecting the coming election of state officers and members of the legislature it is also conceded that it will have a bearing at Cleveland on both the Democratic and Republican nominations for governor and at Cincinnati it may develop the Democratic opponent of Senator Hanna as well as affect the next Democratic nomination for governor.

ELECTION IN KANSAS.

Result Will Give Little Indication of

Trend of Public Sentiment.

Kansas City, April 6.—The elections to be held in all the Kansas cities of the first class will as a rule settle matters of various interest. The liquor question cuts a smaller figure than in previous years, but is the vital issue in Topeka. In Kansas City, Kan., straight Democratic and Republican tickets are in the field and the victory of either will be hailed as a party triumph, but in most of the other cities party lines are not closely drawn and the result will give no indication of the trend of public sentiment.

NEW BREAK IN LEVEE.

Magnolia Plantation South of New Or-

leans Inundated.

New Orleans, April 6.—The only new break reported in the river during the day was at Former Governor H. C. Warmoth's Magnolia plantation, about sixty miles south of the city on the west bank of the river and close to the tracks of the New Orleans, Port Jackson and Grand Isle railway. The river there is one of the deepest spots and a part of the batture caved in, carrying with it 100 feet of the levee. The plantation was soon inundated, but repair work was almost as quick. A train of material was run to the place and Governor Warmoth, former Congressman I. S. Wilkinson and other planters mustered an army of men and a crib was built on the land side. This cribbing, 200 feet long, was built and filled with sacks of earth by night, checking the flow so that the drainage machine could carry off the water. This was record time for closing a break, but there is a huge body of water against the crib and the danger is not past.

TOM ALLEN IS DEAD.

Famous Old Pugilist Expires From

General Debility.

St. Louis, April 6.—Tom Allen, retired heavyweight champion pugilist of the world, who for the past twenty-five years has conducted a small saloon here, died from general debility. He was born in Birmingham, Eng., April 23, 1839.

Allen won his laurels in the days of bare fist fighting, and bore the title of being the only pugilist who lost the world's championship, regained it and retired with it. He lost the championship to Jim Mace, May 1, 1870, and regained the title by defeating Mike McCool, Sept. 23, 1873. During the latter years of his life Allen devoted much of his attention to backing a number of fighters of renown.

ENTHUSIASM INCREASING.

King Edward and King Carlos Receive

Great Ovation in Lisbon.

Lisbon, April 6.—The enthusiasm aroused by the visit of King Edward is increasing. A brilliant gala performance of "The Barber of Seville" was given at the opera in honor of the royal visitor. The audience gave King Edward and King Carlos a great ovation. A grand state banquet was given Sunday night at which 200 guests were present.

AULTMAN MILLER COMPANY.

Statement Issued to Creditors Showing

Amount of Indebtedness.

Akron, O., April 6.—A statement has been sent out to the creditors of the Aultman Miller company, which went into the hands of H. P. McIntosh of Cleveland, and George W. Crouse of Akron, as receivers, showing that the assets of the company as fixed by a New York audit company, Dec. 31, are \$1,751,650. This is \$124,000 short of the liabilities as they stood before that time.

Hon. G. W. Crouse, president of the Aultman Miller company, is personally liable on over \$1,500,000 over the indebtedness. The creditors are numerous banks, those of Chicago holding more of the paper than any one other city. An Augusta broker had placed more than \$100,000 of the notes.

The cause of the firm's trouble, Mr. Crouse said, was ruinous business methods into which competing companies for the past ten years have followed, sending an army of men over the country to sell machinery to any one who would buy, regardless of the purchaser's responsibility.

BURGLAR SHOT DOWN.

Bold Robber Riddled With Bullets at

Himrods, N. Y.

Syracuse, N. Y., April 6.—A special to the Standard from Penn Yan says: A series of burglaries which has been stirring the country around Himrods for the past few weeks was cleared up in a tragic manner early Sunday morning. The night operator at Himrods thought he heard an explosion in a store. He gave an alarm and a crowd of villagers quickly surrounded the place. A man's form was seen in the store and he was commanded to surrender. For reply he boldly opened the door and, drawing a revolver, fired point blank at the crowd. The bullet failed to reach its mark, and before he could fire again his body was riddled with bullets and shot. He fell unconscious and died soon after. He was a stranger here.

PANAMA CANAL TREATY.

Opposition Developing in Nearly Every

Department of Colombia.

Kingston, Jamaica, April 6.—The Royal Mail company's steamer Atrato, which arrived here from Colon and Cartagena, brings the report that considerable opposition is developing to the Panama canal treaty in almost every department of Colombia except Panama. It is believed that the majority in congress will favor the treaty, but there are fears that trouble will arise because the political situation in Colombia is becoming more complicated, and the presidency is surrounded with uncertainty.

Emperor William's Visit Ends.

Copenhagen, April 6.—The German emperor concluded his visit to the Danish court Sunday and went on board the imperial yacht Hohenzollern that evening. A large crowd witnessed the emperor's departure. The Hohenzollern sailed for Kiel Sunday night.

RIGHT BILLS PASSED

BUT HOUSE KILLS FIVE OTHERS

OUT OF FOURTEEN ON
THE CALENDAR.

DORSEY SUGAR BOUNTY BILL

RECOMMENDED FOR PASS-
AGE BY SENATE.

St. Paul, April 6.—The house was

in a killing mood, dispatching five bills

out of fourteen that were taken up on

the calendar. Eight bills were passed

and general orders were not reached.

After raising it to the calendar Friday,

the house defeated the non-partisan

bill by P. E. Dowling of St. Louis

county.

Minority parties whose strength does

not represent 10 per cent of the total

vote will have a chance to nominate

candidates under the bill by Ambrose

Tighe of Ramsey county, which the

house passed.

The house passed bills increasing

the amount of the state's contributions

to the support of public schools. One

of the bills, by Senator R. E. Thomp-

son of Fillmore county, has already

been passed by the senate. It increases

the state aid to high schools from

\$1,000 to \$1,500.

The other bill is by Frank Clague of

Redwood county, and it affects graded,

semi-graded and rural schools. Graded

schools are raised from \$400 to \$550 a

year; semi-graded schools are increased

from \$200 to \$250, and rural schools

are raised from \$100 to \$125. The ap-

propriation carried by the bill are as

follows. High schools, \$217,000; graded

schools, \$79,000; semi-graded schools,

\$67,000; rural schools, \$100,000.

The house took the bill for the relief

of farmers whose crops were destroyed

by storms during 1902 from the calendar

and put it back on general orders. This

was because of the point that had

been raised that in case a whole county

should suffer storm damage it
